ACKNOWLEDGEMENT

I will be highly remiss, if as I relax and think about "the end to another job well done by all," I fail to acknowledge the great help and support given to me by The S.G.A., Dr. Maria F. Gonzalez — Publications Advisor, Mr. D. Carter — Dean of Students, Mr. R. Barragan, Mr. J. Decourcy — Director of Financial Aids, The Business Managers, and other members of the Administration whose names space cannot permit me to mention.

I also have a duty to thank the entire yearbook staff for giving me their support throughout our rough and easy periods.

The result of all your help, is an annual of high quality which your fingers are eager to start opening — Have a nice viewing time.

FROM THE EDITOR'S DESK:

THE PUSH FOR EXCELLENCE

Last year, the situation at which we found ourselves at Florida Memorial College financially and administratively perpetuated an operation that needed assessment to see where we were headed and to reexamine our goals and objectives.

But as we approach the threshold of the ninety-ninth year of this great institution with a more virile and stable future, the push for excellence in all endeavors, suggested and preached often by the present administration, has been accepted as a challange by the faculty, other members of staff and the community. It is also considered most appropriate as the "theme" for our 1978 annual — *The Arch*.

Fellow students, where do we stand? Are we really pushing for excellence in all our endeavors? How much do we care for those few who are presently sitting on the fence and didn't want to try more? Think about these questions; also think about how to achieve the best and nothing less, as you journey through our undertakings since fall 1977 in pictures and actions.

I wish my successor more guidance and support than the excellent ones I received from all. Being here has been the most wonderful thing to happen to my life. Adieu.

DR. SUSIE C. HOLLEY

Dr. Susie C. Holley has lived a life of service. She is a woman possessed of a rare combination of talents who has risen from the lowly hills of Goshen, Virginia. Daughter of a minister, and educated at Virginia College in Lynchburg where she completed her high school training and received her Bachelor's degree. She did further educational study at Atlanta University where she pursued courses in guidance and sociology.

Dr. Holley has risen to a place of eminence in educational, religious and civic realms. Her affiliation with Florida Memorial College began when she married Dr. Robert L. Holley, then President of the college. At that time, Florida Memorial was a high school and junior college owned and operated by the Baptist General State Convention of Florida, Inc.

As a member of the Trustee Board as well as President of the Women's Convention, Mrs. Holley gave two full years of travel in the promotion and interpretation of the value of the "move" from St. Augustine to Miami. She secured more than one-half million dollars in pledges to the college for the Development Program and encouraged many friends to become "regular supporters" of college. It was under her leadership that a Donation Day for the school was established. In recognition of her years of dedicated service, the college presented her with an Honorary Doctor of Humanities degree. Presently, Mrs. Holley is still serving on the Board of Trustees and her dedication to the college has not lessened over the years.

Dr. Holley states that she has one burning desire in her heart for the college: That through dedication and participation of the Baptists in Florida and their friends the budget of the college be reached annually; that the development program for the building and completion of Florida Memorial College as envisioned be fulfilled and that young men and women in attendance will reach their highest potential in leadership and scholarship.

The editorial board of this annual therefore dedicates this publication to Dr. Holley, for all the contributions above, and for:

Her dedication to Florida Memorial College!
Her love and devotion to God!
Her love of her fellowmen!
Her total efforts to help others!
Her hard labors with Christian women!
Her unselfish contribution to mankind!
Her deep sincerity and work with the Trustees!
The things she has done that we do not know about!

THANK GOD FOR CREATING ANOTHER GREAT BLACK WOMAN!

AN ANGEL OF LOVE & DEVOTION.

STAFF

TO THE CLASS OF 1978:

All human beings, to a greater or lesser degree, possess the imaginative faculty. Imagination is the cornerstone of human endeavors. It is, without doubt, responsible for man's survival as an animal; and has caused him, as a human being, to conquer the world. Albert Einstein once proclaimed that "Imagination is more important than knowledge."

For those of us who are in non-creative pursuits, today's environment provides too little imaginative exercise. Imagination grows by exercise. Although creative imagination is essential to the solution-finding phases of the creative problem-solving process, judgement based on faith must play an even larger part.

I think of you, the Class of 1978, as the possessors of these important qualities of imagination and faith. You have had a unique responsibility for leadership on the campus and you assumed that leadership in a manner that displayed these qualities. Most of us appreciate it and will not soon forget your efforts. You have been responsible for many worthwhile activities and contributions which I am sure you will appreciate more as time passes on and the college achieves its goals.

I wish that I had space to mention some of the changes which I have noted, not only in you and the college, but also in the world — that which you are about to enter. These are turbulent times, and yet, we witness times of great opportunity when the world is at its worst. We, as Christians, must be at our best. I will not yield to the temptation at this time. I shall merely say that the Class of 1978 is a great one — moral characters, high ideals, cooperative attitudes, zeal for the best interest of the college, and loyalty to its ideals.

We are justly proud of you and your achievements, and I shall always hold you, the Class of 1978, in fond memory and I look forward to great accomplishments by you.

Very truly yours,

Dr. Willie C. Robinson

MESSAGE FROM THE DEAN OF ACADEMIC AFFAIRS

You who have been here over the past three years as I have been, shared in a variety of experiences, all important in the growing and expanding tradition of Florida Memorial College. Some of our experiences have been good and others have not been so good, but all growth-producing as we seek to find our niche in life.

It is my hope that you have taken full advantage of all the possibilities open to you. You will take your place with hundreds of others who have passed this way and who are better human beings as a result of their experiences here. You will become teachers, ministers, accountants, housewives, husbands, fathers, mothers, businessmen, doctors, lawyers, social service workers, musicians and good citizens. You will make a variety of contributions both on and off the job. You will serve humanity in a variety of ways and the potential of that service will have been greatly enhanced by your stay at Florida Memorial College.

We, staff, faculty and administration, wish you well as you go forth and hope that you will never pass up the opportunity to grow.

DEAN OF STUDENTS' OFFICE

Dear Students:

As you have matriculated here at Florida Memorial College, I trust you have had some learning experiences in and out of the classroom that will have made lasting imprints on your life.

Your involvements on the job and in the community in which you will be indicative of the positive influences that the college experiences have had upon you.

It is our hope that you will ever remember from whence you've come and will rededicate your life of work and service to your Alma Mater.

Remember "A college education never hurt anyone who was willing to learn something afterwards."

Sincerely yours,

(Mrs.) Doris N. Carter

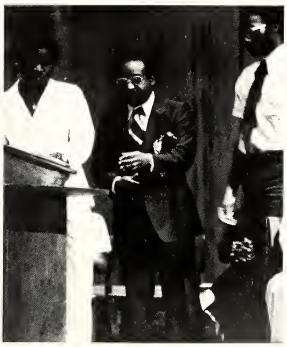
HISTORY OF ALPHA KAPPA MU HONOR SOCIETY, ALPHA PHI CHAPTER

Realizing the need for more recognition of the Negro scholar and stimulation of greater effort towards scholastic excellency among Negro students, Dr. George W. Gore, Jr., then the Dean of Tennessee A. and I. State College, conceived the idea that was later to materialize into Alpha Kappa Mu Honor Society.

In its process of growth and development, Alpha Kappa Mu has kept pace with the evolution of social order. Many Black scholars have gone from its rank to achieve eminence in all facets of life that are important to progress.

The Alpha Phi Chapter was founded in 1954 on the St. Augustine campus of Florida Memorial College.

Alpha Kappa Mu is the light of education and progress burning brightly today. This can be seen in its motto "Knowledge is Power".



ALPHA PHI CHAPTER

The S.G.A.

Jeffrey A. Ingraham, President

Pressing Towards The Mark

In a few months our College will reach a milestone in its history as we celebrate our centennial. This will be a time of great reflection as we retrospect the "journey through life" our College has had to take. It will be a time in which we look back and vacariously live those moments of prosperity and jubilance, as well as those not-so-fortunate moments. This will be a time of great rejoicing as we ponder the contributions our College has made to this world, as well as the involvement of our alumni in the fight to help elevate down-trodden humanity.

It has been my sincere privilege of being a part of this great institution for the last four years. The tremendous knowledge and experience I gained have contributed to my quest of being adequately trained for my life's vocation. The memories of my interacting with my fellow colleagues will ever linger afresh in my mind.

Having been involved in the Student Government Association for the last two years, I have been privileged to serve you – the student body. While I will be the first to admit that our S.G.A. Administration did not fulfill all our promises and pledges, I will not be hesitant in saying that under the circumstances we were in, we did put forth our best effort. Any student to sound mind and judgement who recognized the financial dilemma our institution is in, would be able to better appreciate our efforts.

To all those persons who contributed to the successful functioning of the S.G.A. during the academic year, I extend to you my deepest thanks. Special recognition must be given to our Administration, under the fine leadership of President Robinson, for their granting us total autonomy and for the compatable relationship we shared.

Special recognition is also due our former Advisor, Dean Richard Kuhn, for his expert advice in offering guidance and direction to the S.G.A. Special thanks is extended to Dr. Louis Johnson who unhesitantly accepted the position of succeeding Dr. Kuhn upon his inability to continue in office as a result of his promotion.

As we "Press Towards the Mark" there are certain changes that must be made to ensure our perpetual existence. Of paramount importance we, the student body, must develop positive attitudes toward our institution. Too many of us are guilty of "being on a joy ride" and thus having taken our College to the "cleaners." Our attitude must be such that we are willing to pay the institution for that which we hope to receive from them – an education and ultimately, a degree. Our attitudes should be such that we should seek to generate solutions to the many problems that plague our institution, rather than be guilty of being "sounding brasses and tinkling cymbals," or be complacent by sitting on seats of "do nothingness." As students we can greatly aid our institution by becoming united and joining forces with faculty and staff in supporting the efforts of our Administration.

In closing I urge you all to always bear in mind the Christian principles and concepts upon which our institution was founded. Always have this reassurance that the force behind us is far greater than the job ahead of us. The late William Carey once remarked! "Attempt great things for God . . . Expect great things for God."

God bless you all as you continue to "Press Towards the Mark."

THE HISTORY OF
ALPHA PHI ALPHA
FRATERNITY, INC.

Alpha Phi Alpha Fraternity holds the distinction of being the first Black Fraternity organized in the United States. In 1906, on the campus of Cornell University, Ithaca, New York, amidst much racial discrimination, several Black young men met late into the nights deliberating their future. The gist of these meetings was to discover means of promoting the welfare of each other and inspiring each other to the pursuit of academic excellence and achievement.

Out of this meeting was to emerge Alpha Phi Alpha Fraternity, Inc. We still operate on the concepts of "manly deeds, scholarship and love for all mankind" as was the ideals conceived by our seven founders.

Today, Brothers of Alpha Phi Alpha cover virtually every area of the professional world and are found in nearly every major city, and on most college campuses. In addition to this, chapters are located in Jamaica, the Bahamas, England, Europe, the West Indies, Canada and Africa.

The Delta Psi Chapter, located on the campus of Florida Memorial College, was founded in 1954 by the then President of the College, Brother Royal Puryear. Aspiring members to our organization must be above average in scholastics and possess finer qualities of manhood and leadership abilities.

THE HISTORY OF GAMMA SIGMA SIGMA SORORITY

Gamma Sigma Sigma is a woman's service organization dedicated to instilling high ideals of service, friendship and equality to their fellow man. This sorority was started back in New York, in Jan., 1953.

The sorority serves to develop friendship among women of all races and creeds. Members achieve these goals by working side by side. The sorority includes in its membership both social sorority members and non-members who are enrolled and in good standing with the college and who meet the requirements prescribed by the national sorority and by the local chapter.

Through the sorority you will become a better citizen by learning to work in cooperation with women of all faiths and nationalities and by exchanging customs with women from all over the nation.

Gamma Sigma Sigma was established at Florida Memorial College in April, 1972.

Organized around the basic idea of achievement, it has meant progressive accomplishments for the fraternity. Kappa Alpha Psi has grown from its ten founders to become one of the largest fraternities. We've survived the wars and depression, criticism and discrimination to become one of the most observed fraternities in the world.

FLORIDA MEMORIAL CONCERT CHORALE

This has been a good year for the Chorale. With added members and new robes, this group has added zest to its performances.

The Chorale represented the entire College family when it performed before 10,000 Baptists at the National Convention on Miami Beach.

For the entire year the Chorale made over 35 appearances at conventions, churches, schools, special events and assemblies here at Florida Memorial College.

In the future, this group is expected to bring recognition to Florida Memorial College by singing good music and spreading happiness to audiences throughout the State of Florida and the Nation.

We would like to thank the entire College family for their support as we journey to bigger and better things through music.

INTERNATIONAL STUDENTS ORGANIZATION

Florida Memorial College has become the local meeting point of black men and women from all parts of the world. Through the system of slavery the black race was dispersed to all corners of the world. This had destroyed a whole continent and a people. Through the years hope had existed for the coming together of black men and women from all corners of the world. This has now come through with the existence of students from Africa, West Indies and Bahamas working and learning with their American counter-parts, here at Florida Memorial.

The International Student Organization came into being during the school year 1975-76. Its basic purpose then was simply to provide access to foreign students. Now we have expanded our endeavors to include cultural and social visits to schools in the Dade County area.

The motto of the organization is "Unity Is Strength." We hope to establish a permanent bond between all men and women.

Among other opportunities, the student enjoys the right to expect an education of highest quality; the right of personal respect and dignity; the right to inquire about and to recommend improvements on regulations and procedures affecting the welfare of us as students. However, the student is expected to conform at times to a standard of conduct and leadership on and off campus which will reflect credit on you as an individual, the college and the student body, and regulate ourselves as young ladies and gentlemen.

The 1977/78 sporting season, was another remarkable one here at Florida Memorial.

It started with our basketball team (The Lions) proving their worth to each opposing team that came their way. They won most of their home and away games, only yielding to the opposing teams on few games, with very slight margins. The Lions' activities for this season ended with the annual S.E.A.C. tournament, which this year took place on our campus.

The Lions finished as the runners-up in the men's tournament, while our newly formed girls basketball team finished in fifth place.

There are other on-going plans to further enrich Florida Memorial College with adequate sporting activities all year round, starting in the Spring semester. When these plans are finally carried out, Florida Memorial will not only be blessed with the Lions Basketball team, but with other teams like baseball, football, etc.

The "President's Trophy"

Our 1977 target, which was unbelievably achieved and exceeded, thanks to the Baptist Women's Convention.

DONATION DAY '77

Donation Day at Florida Memorial College, an occasion sponsored and organized annually by the women of the Baptist General State Convention and the Progressive Missionary and Educational Convention under the direction of Dr. Susie C. Holley, took place on campus grounds on Tuesday, November 15, 1977.

The tradition of Donation Day is over twenty years old. It began in St. Augustine, where the struggling college gratefully accepted the badly needed supplies that generous contributors offered.

Last year, Donation Day brought over 42,000 to the College. This year's contributions topped that figure, since it exceeded the target as shown below.

President Robinson announced that the "President's Trophy" presented to the Donation Day GATHERING, November 1977 will remain at the College on permanent display. The name of the Area Chairperson reporting the highest amount of dollars, percentage wise, will be inscribed with the date on the appropriate name plate, beginning with the 1978 celebration.

Three additional trophies will be awarded based on the above formula; two going to each convention's most successful area chairperson, (in terms of dollars raised). The third trophy will be given to the convention most successful in meeting or exceeding its predetermined goal.

IS

TIME TO

REMEMBER

THOSE THAT

HAVE PASSED AWAY . . . . .

In memory of:

In Memoriam
Dedication to Miss Bisbee L. C. Whitford

From: A Friend Always
Miss Beverly Wrenfro

Time comes, Time goes. No one ever knows what it will bring. The trees know when the wind passes. The flowers bloom when the spring is near. How do we know when our time is here? The grass is green yet no one knows exactly when it will be that way. Where do all these things come from? Some have a long time, some have a short time; some have no time at all. We live the best we know; how far we know not, nor do we know when our time is near. Everything must go back to whence it came. Nothing stays the same.

Your smile was warm and your heart was one made of gold. You have not gone away from us for we too some day must cross-over to be with you. We do not forget time and we have not forgotten you.

As our time grows near we must find peace too. You've only found yours before we have found ours.

No one goes away; time just takes us away!

Rest in perfect peace, Bisbee.

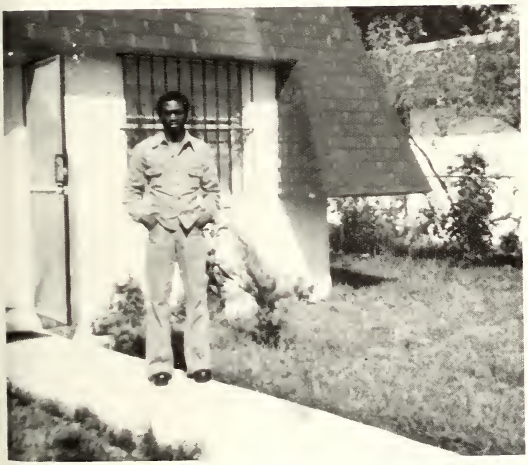
Rest In

PATRICK NDIBE NWABUEZE is dead! Born on August 18, 1954, in Awaka, Nigeria, he was only 23 years of age. He came to Florida Memorial College in 1975. He had high hopes, dreams and aspirations. These are ended now and the Florida Memorial College family mourns for him. We weep for his mother and for his father. We weep for his family and for all the lost dreams and we mourn for a lost generation of children.



We do not know what motivated the men to gun him down in the early morning hours of September 6, 1977, while he was at work. We know they robbed the store of a few dollars, but this could never compare to the value of the life they took. Perhaps they were motivated by some of the many social ills which have permeated our society. It may have been the influence of a broken home. They are, nonetheless, guilty of killing dreams and aspirations. These men may have been under the influence of alcohol or drugs. They are, nonetheless, guilty of taking the life of a brother. They may even have been thoroughly addicted to television violence, but they are, nonetheless, guilty of killing the hope of a generation. Weep no more for Patrick. Mourn no more for him. But never let us cease to weep and to mourn for the sickness of our society which took Patrick from us.

So, weep no more for Patrick. Mourn no more for him. Rather, let us rejoice that Patrick has no more rivers to cross. He has no more mountains to climb. For he has traveled but a short distance through this valley and has been overtaken by the shadow of death. It is our hope and it is our fervent prayer that Patrick has crossed over the threshold into a land where his soul will forever be at rest in the bosom of his creator.

ALMA MATER

As the breeze through tall palm trees
Seems to sing thy sacred name
Thy sons and daughters love to spread
O'er all the land thy well-earned fame!

We love thy halls, thy stately walls
And the friends who gave Thee birth
The truth we learned as each heart yearned
For higher, nobler, things on earth!

Should future years bring joy or tears
To thy name we'll e'er be true
To thee we pledge our loyalty
And dedicate our lives to you!

CHORUS

Florida Memorial! Florida Memorial!
How we love to sing thy praise
We'll be loyal; ever loyal
And for thee, our voices raise.
